Thank you for your inquiry about our Custom gobos.

For the last 20 years, N & N Productions has produced Custom Brass Gobos for the professional lighting industry.

The standard thickness of N & N Gobos is .015" (.4 mm), more than twice that of any other manufacturer. This thickness and the heatsinking capabilities of brass produces a Gobo with exceptional durability and long life in your instrument.

We offer a fast turnaround. Our process produces no hazardous waste products and 98% of our post consumer waste is recycled.

N & N Productions now offers Glass Gobos in Monochromatic Greyscale and in Full Color.

BASIC ART REQUIREMENTS

ART VIA FAX... FAX 775. 355. 7859

FIRST GENERATION.

HIGH CONTRAST BLACK & WHITE. WE CAN NOT WORK FROM COLOR ART.

SIZE: 3 1/2" TO 5 " ACROSS. THIS LETS US SIZE IN ONE GENERATION.

SIZE IS IMPORTANT! ENLARGING A FAX DOES NOT WORK. BIGGER IS BETTER.

*Please transmit on FINE or SUPER FINE setting
for maximum resolution.*

ART VIA E- Mail.... SALES@BRASSGOBOS.COM WWW.BRASSGOBOS.COM

WE USE COREL DRAW AND ADOBE ILLUSTRATOR.

THE BEST FILES ARE : .CDR , .AI , .EPS

THESE ARE VECTOR FILES. WE CAN SCALE THEM WITH NO LOSS IN QUALITY.

SECOND BEST : . TIF , .WMF , .BMP

THESE ARE BITMAPS. WHEN ENLARGED, FUZZINESS SETS IN.

WORST : .JPG , .GIF

THESE ARE COMPRESSED FOR INTERNET USE. WHEN CREATED,
DETAIL IS LOST FOR THE SAKE OF SMALL FILE SIZE. WE CAN USUALLY
OPEN THEM FOR A LOOK... BUT ARE GENERALLY POOR QUALITY

Helpful Hint : please do NOT NAME YOUR file "Gobo " OR " Logo".

A NAME THAT IS UNIQUE TO YOU OR YOUR PROJECT WILL MAKE IT
STAND OUT IN OUR CLUTTERED LITTLE LIVES !

Include your 'phone & fax numbers to help speed a reply.
